delivering solutions

TruNatur

TruNatur Coastal Ash

TruNatur is a Premium Polymer Veneer faced panel that provides a high-performance alternative to natural veneer.

The polyolefin foils have been engineered to create a very durable and realistic smooth sanded and lightly embossed finish.

The foils are bonded to MR MDF substrates using a reliable PUR adhesive system and the solution is complimented with matching edge tape.

TruNatur is Green Tag Platinum Health rated.

TruNatur

The carefully selected décor range includes a premium selection of Ash , Oak , and Eucalypt species that includes white , blonde, brown , grey and black tones.

Winter Ash

Misty Oak

Cinder Oak

TruNatur

High scratch
and stain
resistance

UV Protected

Hygienic

Easy to work

The TruNatur product range features an extensive selection of substrates, panel sizes and edge finishes to support design and fabrication freedom.

TruNatur

Primary features and benefits include:

- Natural veneer look and feel.
- Consistent colour and patterns.
- Pre-finished surface with no need for sanding or coating.
- Very high UV resistance so no colour change due to sun exposure.
- Each panel is supplied with clear protective masking film so it can be processed easily on a wide variety of machinery.
- The nano coated surface is very resistant to scratch and scuffing and very easy to clean maintain.
- The laminated panels are Green Tag Platinum Health rated and use EO MDF substrates ensuring minimal environmental impact.

TruNatur offers designers and fabricators the ability for projects to be delivered on time in a consistent manner at a reduced cost compared to using natural veneers.
